The Hidden Cost of Losing Customers

You lose ₹25,000–₹2 lakh per month without a retention system.

Why Most Indian Businesses Struggle

- No clear system for follow-up
- Competing only on price
- Ignoring customer complaints
- No relationship building
- Losing regulars quietly
- Rising ad costs eating profits

The Harsh Reality

Acquiring a new customer costs 5-7x more than retaining an existing one.

Yet most focus only on new customers while existing ones disappear forever.

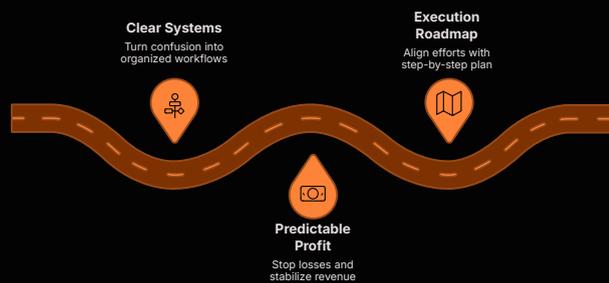

"The biggest danger isn't failure... it's repeating the same mistakes every season."
