Why Most Indians Fail with Global Work

Working with international clients seems exciting—until blocked payments, surprise tax notices, and confusing compliance hit you.

Blocked Payments

Wrong platforms eat 8-12% in fees. Personal accounts trigger violations.

Tax Nightmares

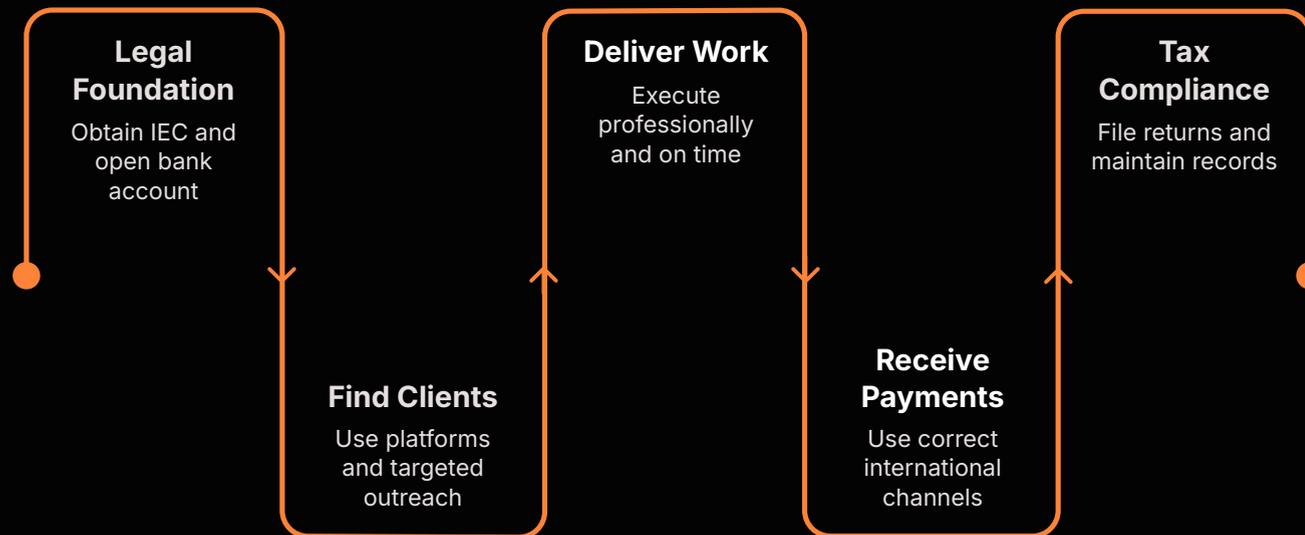

Penalties up to 200% of tax due. Future compliance issues haunt you.

Wasted Time

Most lose 2-3 months figuring out the right way. You can't afford this.

Hidden Cost: Without proper systems, you lose ₹25,000–₹2 lakh annually to fees, penalties, and missed opportunities.
