The Hidden Truth: Why 7 Out of 10 Manufacturing Units Fail

You're Bleeding Money Right Now

Without this system, you lose ₹50,000–₹2 lakh monthly

Through wrong pricing, quality failures, compliance penalties, and repeated mistakes.

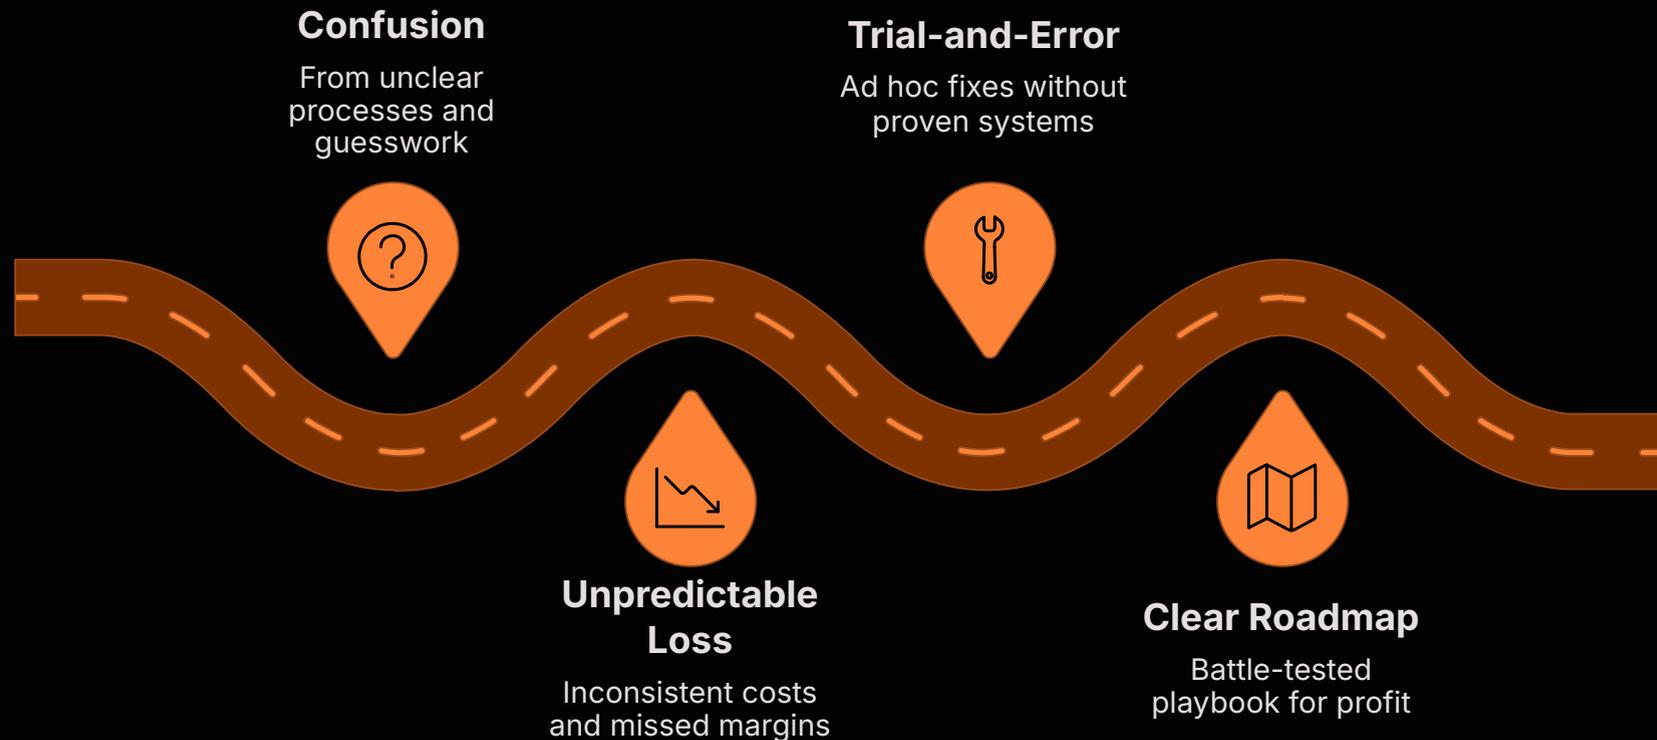

Six Silent Profit Killers:

- **Poor costing:** Selling at loss without realising
- **Cash flow crisis:** Money stuck, bills mounting
- **Quality disasters:** Reputation destroyed overnight
- **Wrong suppliers:** Delays, rejections, losses
- **No systems:** Daily firefighting, zero growth
- **Compliance gaps:** Penalties, raids, shutdowns

❑ The biggest danger isn't failure... it's repeating the same expensive mistakes every month.
